A Message to all the Crush Threads

Hey. You guys care about eachother. That's nice. But do you need to create 5+ private threads every day? Is it really that hard to just stick to one? Not gonna lie, I'm getting sick of half of the front page consisting of private crush threads.

So yeah. That's all I wanted to say. Make one private thread, and stick to it. Please.

seriously though lily some of us are trying to use these forums for things more than two people can participate in, and it's unfair to the rest of us if you push out everything else with what could easily be contained to one thread

Big Agree! Also when y'all say no stalkers I immediately,,,,look I'm sorry but it's really tempting and also kinda funny and like you're never gonna get a private thread that no one actually looks at
